

2015-2016 INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) for transfer to the University of California and California State University

The Intersegmental General Education Transfer Curriculum (IGETC) is a program that College of Marin transfer students can use to fulfill lower-division general education requirements for either the UC or CSU system without the need after transfer to take additional lower-division general education courses. (There are other options that fulfill general education requirements, but none of the options cover both UC and CSU).

Should you elect to use the IGETC, it is recommended that after your completion, have it certified in its entirety by the last Community College attended prior to transfer. Certification indicates that all lower division GE requirements for UC or CSU have been met. It shall be the student's responsibility to request certification when requesting the last transcript from College of Marin prior to entering the UC or CSU system.

IMPORTANT: IGETC does not apply to all majors at the University of California and should not be followed indiscriminately. See restrictions below. Consult with a College of Marin counselor and use www.assist.org for the specific lower-division requirements that are needed to fulfill your educational objective.

All courses must be completed with a grade of "C" or higher. (A limited number of courses may be taken for credit. Consult with a counselor.)
