

AUTHENTICITY

The face of this document has a burgundy background with the three college seals. The back of this document contains an artificial watermark – hold at an angle to view. The rose-colored ink printed in the oval “Heat Glance Security Spot” to the right of this text reacts to changes in temperature, and is a special security feature designed to help instantly verify this transcript’s authenticity. When exposed to heat, the ink in the oval spot disappears. When exposed to cold, the ink in the oval spot reappears. If this rose-colored ink is not visible, expose the transcript to cool air. If exposure to cool air does not make the rose-colored ink reappear quickly, the authenticity of this transcript should be questioned and verified with the San Mateo County Community College District. Transcripts are official only when they bear the college seals and the signatures of the designated college officials on each page. A raised seal is not required.

- Total Transfer: Includes degree-applicable course earned units accepted from other institutions.
- Overall Earned Units combines Total Institution Earned Units and Total Transfer Earned Units.
- Overall GPA Units, Overall Points and Overall GPA reflect SMCCCD degree-applicable course grades only with the exception of non-degree applicable courses taken before Spring 2008.

A GPA is listed for each term; cumulative totals are at the end of the transcript. EUnits represent the total units earned for degree and non-degree applicable courses for a term. The GPA is determined by dividing the total number of grade points (see Pts:) by the total number of GPA Units. An E in the right column indicates the course is excluded from the GPA and Pts. totals.
