

CCCs with Non-Traditional Terms

Institution	Non-Traditional Term Info
Alan Hancock College	Offers a three-week winter session.
Antelope Valley College	Offers Fall, Spring, and Summer terms, as well as a Winter Intersession. The Fall and Spring terms have some short term classes mixed in.
College of the Desert	Occasionally offers a winter intersession.
East Los Angeles College	Offers a five-week intersession that starts in January.
Lake Tahoe Community College	On the quarter system. Fall term is around Sept. 20-Dec. 15, Winter term typically starts right after Jan. 1 thru end of March and Spring term is typically early April thru 3rd-4th week of June. Each term we also offer a handful of "late start" classes, which typically run 8-10 weeks instead of the entire 12 week quarter. Our Summer term starts at end of June/early July and runs for 6 weeks, so students are doing 12 weeks of work in 6 weeks. But probably biggest advantage for students trying to find a few online courses is that, unlike many CCC's, we typically have capacity.
Los Angeles Southwest College	Offers a winter session.
Monterey Peninsula College	Monterey Peninsula College has what we call an "Early Spring Session" for the four weeks in January. The dates for 2016 are January 4 through 26, with Martin Luther King holiday on the 18th. Our regular spring semester starts the week after on February 1, 2016.
