### Course Numbering System

Cosumnes River College adopted a new standardized course numbering system in 2003-2004 which is described below. The numbers are designed to provide students with general information regarding the focus and intent of courses.

Numbering	Designation
1 - 99	Courses numbered 1 through 99 are credit courses that are considered developmental or basic skills and are not acceptable for the associate degree or transfer credit.
100 - 299	Courses numbered 100 through 299 are college level, generally non-transfer courses applicable to the associate degree and/or upgrading career Technical Education for working professionals.
300 - 499	Courses numbered 300 through 499 are accepted for transfer by state colleges and universities and are intended to meet major, general education, breadth, or elective credit requirements.
1000	The 1000 number is used for non-credit supervised tutoring.

### UNIT OF WORK

College work is measured in terms of the semester "unit." In recitation/lecture courses, one hour in the classroom and two hours of study preparation per week constitute a unit of work. In the laboratory, three hours in the classroom per week with no outside study constitute one unit of work. Students can find the number of units of credit with each course description.
