Definition of Grades

The work of all students on the Berkeley campus is reported in terms of the following grades:

UC Berkeley Grade Definitions		
Grade	Grade points per unit	Interpretation
A+, A, A-	4.0, 4.0, 3.7	Excellent
B+, B, B-	3.3, 3.0, 2.7	Good

D+, D, D-	1.3, 1.0, .7	Barely passed
F	0.0	Failed, units will be included in computing your GPA, but will not be used toward satisfaction of unit requirements for the degree.
P	Pass	C- or better, assigned to undergraduates only; not included in grade-point computation.
NP	Not Pass	Below C-; assigned to undergraduates only; not included in grade-point computation.
S	Satisfactory	B- or better, assigned to graduate students only; not included in grade-point computation
U	Unsatisfactory	Below B-, assigned to graduate students only; not included in grade-point computation.
I	Incomplete	Work incomplete due to circumstances beyond the student's control, but of passing quality; not included in grade-point computation after fall 1973.
IP	In Progress	Work in progress; final grade to be assigned upon completion of entire course.
NR	Not Reported	Temporary administrative grade; not included in grade-point computation.

Plus and minus grading: Only the grades of A, B, C and D may be modified by a plus (+) or minus (-) suffix. The grade of A+, when awarded, represents extraordinary achievement but does not receive grade point credit beyond that received for the grade of A.
