Antelope Valley College

Academic Year 2025-2026

IMPORTANT

This agreement lists courses transferable for unit credit at all UC campuses.

It is based on information from the current California community college catalog and is valid for the academic year indicated at the top of this agreement.

Courses marked with "UC-" will satisfy the five areas of the seven-course requirements:

E = English, M = Math, H = Humanities, B = Behavioral and Social Sciences, S = Biological and Physical Sciences.

INFORMATION ABOUT UC'S TRANSFERABLE COURSE AGREEMENTS

Honors Course Credit Limitation

- Duplicate credit will not be awarded for both the honors and the regular versions of a course.
- Credit will be awarded only to the first course completed with a grade of C or better.

Course Repeatability

- An "ea" after the unit value of a course on this agreement is meant to indicate that the course may be repeated for credit under CCC campus policies.

How TCAs support UC transfer

- CCCs offer a large variety of courses, but not all courses are UC-transferable
- Of those UC-transferable courses, not all will meet the 7-course pattern
 - Beyond the 7-course pattern, units can come from major prep, GE or both!
- Footnotes remind us if there are limits on credits
- Taking the correct courses help students meet UC junior transfer admission requirements

⚠️ ADMISSION SELECTION CRITERIA - To be admitted to the Pre-Economics major, transfer applicants must complete the following courses with a 2.75 or better grade point average, with no individual grade lower than C (in addition to general admission requirements):

1. **Microeconomics** (the Advanced Placement Microeconomics exam will not satisfy this requirement)
2. **Macroeconomics** (the Advanced Placement Macroeconomics exam will not satisfy this requirement)
3. **Calculus courses articulating with UCSB's MATH 3A-3B or MATH 34A-34B** (a single course articulating with both MATH 34A and 34B is acceptable) **MATH 3A-3B is highly recommended over MATH 34A-34B**

Please visit the department's website to learn more about this major: www.econ.ucsb.edu

PRE-MAJOR INFORMATION

Students are admitted initially to **Pre-Economics**, not directly to the major. Admission to the full major is contingent upon completion of ECON 1, 2, and 10A with a grade point average of **2.85** or above in those courses completed at the University of California and with no grade lower than C. **(Only UC grades go into the pre-major GPA. Grades in courses taken outside of UC are used in the admission decision, and the courses may satisfy pre-major requirements, but they are not part of the pre-major GPA.)** In addition, any remaining major preparation courses must be completed with grades of C or higher; the grades in these courses will not be used in computing the pre-major GPA but will apply to the overall major GPA. Only the first repeat of any pre-major course will be accepted by the Department of Economics in determining admission into the full major. Because the criteria are subject to annual review and revision, transfer students should consult the department directly to obtain current information regarding specific additional criteria for admission to the full major.

****Admission to the pre-major does not guarantee admission to full major status****

How articulation agreements support UC transfer

- Comprehensive review for transfer students draws heavily from academic factors
- Major preparation is one of the most important academic factors
- UC campuses determine their own articulation agreements
- UC campuses have admission representatives that can answer specific questions about articulation agreements
